M'MILLAN TO SEEK AMUNDSEN IN ARCTIC

SAILS NORTH ON NINTH TRIP FLIERS ALSO TO COMB REGION

In Attempt To Locate Captain Raould Amundsen and Crew, Which Jumped Off In An Airplane For the North Pole, With a Months Supply of Fuel and Food, Which Ran Out Today.

Amid the din of roaring guns and shrieking marine whistles, Lieutenant Commander Donald B. McMillan and his little crew sailed from Charleston navy yard shortly after noon Thursday on the steamer Peary, starting his ninth voyage into the arctic.

When the Peary passed beyond sight of the cheering crowd McMillan left the steamer and boarded an automobile, to speed to Wiscasset, Maine, where his schooner, the Bowdoin, is anchored and ready to sail north Saturday. The Peary is due in Wiscasset Friday at daybreak.

Just before the Peary sailed McMillan outlined his plans to the notables and the throng of Bunker Hill day celebrants. He explained that his original plan, the exploration of the vast and unknown Arctic tract called Crocker Land, might be delayed a week to permit his expedition to search for Captain Donald Amundsen who has been lost to the world since he started his polar flight almost four weeks ago.

If word is not received from the Norwegian explorer by August 1, when the MacMillan expedition expects to reach Etah, Greenland, the northernmost points its ships can go, McMillan's fliers will begin a search. Amundsen, he said, will run out of food Friday, if he has failed to reach Cape Columbia. The American believes that the lost explorer will be found in one of the three places he plans to search, polar continent to complete their original task. He said that he expected to remain there until the middle of August and probably would return to the United States September 20.

The three amphibian planes, which the Peary carried on deck when she sailed, will permit McMillan to accomplish as much in one day as he would in 15 months if confined to the use of ships or dog teams, he said.

Senator Simeon D. Fess, of Ohio, among those at the pier, said that the United States had conquered land, sea and air, and that "now it is setting out to conquer the north."

The latest information from the North American Newspaper Alliance is to the effect that Amundsen arrived safe at Spitzbergen after Polar flight.

APPOINTMENT CONFIRMED BY CITY COUNCIL

Engineer Reported Estimate of Storm Sewer on Pickaway Street.

The city council met in regular session Wednesday evening, June 17, with President Pro Tem L. T. Shaner, presiding and all members present.

Mr. Leist, as chairman, asked for further time in regard to the request of the R. P. Enderlin Coal company to place a switch over Mound street and there being no objections further time was granted.

Mayor Fitzpatrick reported to council that he had appointed C. E. Salter as director of public safety. Mr. Landenberger offered a motion which was seconded that the appointment of C. E. Salter be confirmed. Motion carried.

City Engineer J. H. Sweetman reported an estimate for the extension of the storm water sewer on South Pickaway street from Mound to Mill street in the sum of \$5985.90. On motion of Mr. Baker this report was received and referred to a committee consisting of all the members of council. President Shaner appointed Mr. Baker as chairman of this committee.

MISS BERRY HONORED

Miss Martha Berry, founder and director of the Berry school of Georgia has been awarded the 1925 Roosevelt medal for distinguished public service. Miss Berry was honored for promotion of the welfare of women and children. In 1902 she founded on her own farm at Mount Berry, Ga., a school for five children from the mountain districts. Now the school cares for 650 boys and girls annually on 7,000 acres of land with 95 buildings.

IRENE LIST PASSED AWAY IN HOSPITAL

Death Came as Result of Poison—Teacher in the Williamsport Schools.

Miss Irene List, who took bichloride of mercury tablets while on an auto ride in Dayton last Saturday night, died in Dayton in the HTSEHTSETHES hospital in that city.

Miss List was born in Jackson township in 1903. She was the daughter of Adam and Myrtle Stonerock List. Besides her parents two sisters and three brothers are living. They are Verna and Maxine List, Kenneth, Lester and Ellis List.

She graduated from the Jackson township high school in 1923, and was later employed as a teacher in the public schools at Williamsport.

Miss List died of bichloride of mercury poisoning. Jack Brabant, Cincinnati, golf instructor, will be ordered to attend the inquest, it is said. Brabant and Miss List went automobile riding Saturday evening, June 13. Following the ride, he told authorities that he bought the mercury at her request, which she said she wanted to use for medicinal purposes.

The remains will be brought to her home by Undertaker C. E. Hill. No arrangements as yet have been made for the funeral.

LIFE POLICY PAYS DOUBLE INDEMNITY

James Lemay, who was instantly killed, Wednesday, June 10, when his auto upset on the Darbyville pike, carried a double indemnity policy of \$2,000 in the New York Life Insurance company, represented by Clifford P. Heiskell, of this city.

The company will pay \$4,000 to the estate. The company recently paid claims of \$152,000 to the Julius Fleisman estate, Cincinnati, and \$70,000 to the estate of Mr. Boss, president of the National Woolen Mills at Parkersburg, West Virginia.

HAPPENINGS IN OUR STATE

Taken Direct From the Wires by Correspondents of the United States Press Association.

(United Press)

Van Wert, O., June 17.—Dr. L. P. Jackson, candidate for mayor and a former councilman, has been indicted for performing an illegal operation. His alleged victim is in a hospital where two additional operations have been performed in an attempt to save her life.

Cleveland, June 17.—One hundred and sixty union pavers and pounders employed by the Cleveland street department struck today, threatening to tie up the city's street repair program. Their grievance is that non-union men were allowed to take the civil service examination for pavers.

Genoa, Ohio.—Four employees of the Genoa Baking Co. were severely shocked and the Odd Fellow's hall next door was damaged by lightning shortly before noon yesterday. Two officers of the bank were thrown to the floor by the force of the lightning bolt.

Chillicothe, O., June 18.—Dorothy McCarty bit upon something hard while eating a plate of beans.

"When that's the hardest rock I ever saw," said Dorothy.

She was right, too, for the "rock" turned out to be a small diamond worth \$125.

DON'TS FOR SWIMMERS

"Don't stay in the water too long."

Swimming is a violent exercise, and medical reports show that it saps one's vitality. Staying in the water too long is injurious. Although the swimmer might not be aware of it, there is a possibility of causing nervousness. Swimmers who insist on staying in longer than half an hour should take "time out" in which they should rest.

NOT AS USUALLY SEEN

Above is pictured the figure of George Washington as the gentleman, instead of as the soldier and President, as he has been more commonly presented. This heroic figure is being completed by Pompeo Coppini, New York sculptor, and is in bronze, ten feet high. The statue will be dedicated in Portland, Ore., February 22, 1926, as the gift of Dr. Henry Waldo Coe of that city.

MASONIC HOME DEDICATION CEREMONIES

Eastern Star Women Make Magnificent Gift to Very Worthy Institution.

Wednesday, June 24, St. John's day, one of the sacred anniversaries in the Masonic calendar will be made memorable by the dedication of 102 acres of land adjoining the Masonic Home grounds in Springfield, and many members of the Order of Eastern Star and of the different Masonic bodies in Pickaway county will probably attend the ceremonies.

This tract of land was bought and paid for by the Eastern Star and presented to the Home trustees and thru the efforts of these women this splendid addition was made possible and its consummation will be made the occasion for a great day at this wonderful institution.

The purchase of the farm was negotiated during 1924 by officers of the Grand Chapter of Ohio, Order Eastern Star and presented to the Home trustees, was ratified by the Grand Chapter in session at Cleveland last October. In these negotiations Mrs. Florence A. Meek, of Dayton, as grand matron of Ohio, and Past Grand Master Harry S. Johnson, of Cincinnati, as grand secretary of the Grand Lodge of Ohio, represented the Masonic fraternity.

At the recent meeting of the Masonic Home trustees June 24 was designated as the date for formal transfer of this acreage to the Home estate all legal procedure being perfected and it is expected that between 3,000 and 5,000 Masons and Eastern Star members will be present.

Grand officers of the O. E. S. in Ohio, headed by Mrs. Hazel Beach of London, grand worthy matron and Judge Arch A. Schramm of Marietta, grand worthy patron will represent the Eastern Star; trustees of the Home and eminent Masons will receive and acknowledge the bounteous gift. A program for the day is not yet perfected, but invitations have been mailed to all Eastern Star chapters in Ohio and the worthy matrons of the two Eastern Star chapters at Springfield, Mrs. Frank McKee, of Home City, No. 258, and Mrs. H. E. Webster, of Norris, No. 426, are making extensive arrangements for the reception and entertainment of visitors. The presentation ceremonies at the Home will be open to all Masons and Eastern Stars who desire to attend.

When the purchase and gift were brought up at Grand Chapter meeting in Cleveland for ratification the motion was made by Judge N. W. Dick of Columbus, one of the grand chapter trustees and a former grand patron that the purchase and gift be approved and that a deed of transfer be drafted on conditions mutually agreeable to all parties concerned.

Observe Health Week in Ancient Greek City

Athens, Greece.—The ancient city of Corinth, where St. Paul worked as a tentmaker, has just completed arrangements for observance of "Health week" in an effort to prevent the annual spring outbreak of malaria, which has heretofore claimed several thousand victims annually. The campaign is under command of a Near East Relief nurse, Alice G. Carr of McRoe, Ga. Miss Carr's studies into the history of malaria in Corinth show that in the wars of 2,000 years ago more soldiers were killed by mosquitoes than in battle.

Hire Mosquito Expert

Larchmont, N. Y.—The Larchmont Health association has determined to adopt novel methods of getting rid of mosquitos. A mosquito expert will be paid \$2,000 to help exterminate the pests.

Immortal Toast
Independence now, and independence forever.—Daniel Webster.

Did you know that five of America's six great wars commenced in April? They are the Civil War, the Mexican War, the Spanish-American War, the World War, and the Korean War. The only one that did not start in April was the Revolutionary War.

Here are the facts:
The Revolution began April 19, 1775, at Lexington and Concord.
The Mexican war began April 24, 1846, on the Texas frontier.
The Civil war began April 12, 1861, with the bombardment of Fort Sumter, S. C.
The Spanish-American War began April 19, 1898.
The United States declared war on Germany April 6, 1917.
The Civil war closed with Lee's surrender at Appomattox, and President Lincoln was assassinated in April, 1865.

S.A.W. BEGINNING
OF NEW FREEDOM

Historic Yorktown Dear to All Americans.

Yorktown monument, erected by the national government at Yorktown, Va., commemorates the last battle of the Revolution, fought there, which won independence and created New world government. Lord Cornwallis, after a desperate siege, finally surrendered to Washington October 19, 1781, thus ending British hostilities in the colonies. General Washington experienced inexpressible joy at that event, with the remark: "The work is done, and it has been done well."

In 1781 the first congress which met after the Revolution ordered an appropriation of \$100,000 to erect an imposing monument to pay lasting tribute and evidence American gratitude for victory and the birth of freedom.

Nearly 100 years elapsed before the idea of a suitable memorial was carried out. In 1880 R. M. Hunt and J. Q. H. Ward, artists of New York, and Henry Van Brunt of Boston modeled this most beautiful conception of "Liberty and Peace." Its cornerstone was laid in October, 1881, during the centennial celebration.

The Yorktown monument is built of Maine granite, standing 100 feet 6 inches high. The four sides of the base are given to inscriptions delineating the valor and victory on this illustrious battlefield, the narration of the siege, a treaty of alliance with the king of France, a treaty of peace with the king of England. Over these four sides, near the base, are the carved emblems of nationality, emblems of war, emblems of alliance, emblems of peace. The base is devoted to inscriptions or historical statements upon the sources of American government. Grouped on the circular podium are 13 female figures, representative of the 13 original colonies, beneath their feet are these words: "One Country, one Destiny, one Constitution."

The 38 stars on the column represent the states which up to the time of unveiling had been admitted to the Union.

"The Branch of Peace" is adroitly chiseled midst the stars. This was the heritage of which the Yorktown shield was symbolic.

Surmounting the column the Goddess of Liberty, star crowned, extends to the people of all nations for their service and loyalty to share American peace and prosperity. The monument occupies space upon a beautiful bluff overlooking York river. Ex-President Taft visited Yorktown some years ago

The time is passed when the measure of the value of a memorial is quantity. I hope the time has come when that measure is quality. I care not whether the material be marble or granite, its future will be measured by the character of the design. It is quality that has preserved for us the finest examples in painting and sculpture. It is quality that will stamp our imprint upon cemeteries of the future. Simplicity, correct lines and proportions and proper ornamentation are the real fundamentals. A design that is right, material that is lasting, and perfect workmanship, spells success for the future of this industry and the beautification of the cemetery.

FATHER.

The mixup of the dates for the national observance of Father's day has been definitely settled for June 21.

At Christmas time we go about wishing everyone a Merry Christmas and best wishes for a Happy New Year. On Mother's day we acknowledge the fact that her life is one eternal sacrifice to her children. But there's father.

Nobody notices father any more than they would a battered old cash register that was only good for a touch when you needed it. Many a dad has grown despondent and a little bitter as he looks at his children to whom he has given his very life's blood and who give very little in return. Everything he makes goes to the family. Took on extra work to send the boys and girls thru college. He may be a little bit shabby, but the girls have new party frocks.

Life isn't very gay for him. Just a treadmill back and forth from office to home, over and over again. No romance. So far as he can see, he is just the children's father and a money making machine.

But, suppose on this day his wife told him how she appreciated the never ending sacrifices he makes to keep her and the children safe in the home nest. He would purr like a cat, if his girls would tell him how much they love him, and if the boy would say he was "the best man he ever knew," it would make his heart sing for joy and hedge the rugged path with roses.

"Who is it who wears the patch work hose

And seldom goes to picture shows,
That his girls may have fine clothes
(It's Father!)

"Who is it who wears last summer's hat,
That his boy may be a sporty frat,
And thinks it's quite all right at that
(It's Father!)

"Who is it who buys the bread and meat
Who keeps the shoes on all our feet
And then gets shoved in a back seat,
(It's Father!)

"We've Mother's day and Poppy day,
And lots of other holidays,
But almost all are Labor days,
For Father!

"Get out his his slippers and easy chair
Carress and smooth his rumpled hair
And let him know you're glad he's there—
Your Father!

"Today wear a flower red
(A white one if the dear soul's dead)
And reverently bow your head
In thanks for such a Father!"

Merit in Silence

Slight is the merit of keeping silence on a matter; on the other hand, serious is the guilt of talking on things whereon we should be silent.—Ovid.

AMUSEMENTS

Seldom have we seen such a combination of cast, production and story as in "The Great Divide," the Metro-Goldwyn picture which opened at the Mer theater last night.

The story, which is from the famous stage play by William Vaughn Moody, is strong and full of numerous twists and thrills that keep one spell-bound from start to finish.

The cast headed by Conway Tearle and Alice Terry, contains also the names of Wallace Beery, Huntly Gordon, Zasu Pitts, Allan Forrest, George Cooper and William Orlamond.

The story starts in a small New England village and travels from there to the Painted Desert of Arizona. It is a psychological story of a woman's pride and a battle between her conscious mind and her subconscious instincts.

Alice Terry Realistic

Alice Terry as the girl, Ruth Jordan, gives a performance which is and, tho it is one of the most difficult roles ever brought to the screen, she carries it so convincingly that she makes it a reality.

Tearle, as the man of the Painted Desert, is a cross between a polished gentleman and a caveman. A combination which produces a powerful mental and physical creature of great fascination.

Wallace Beery's "Dutch" will not soon be forgotten, there is such individuality to everything he does; and George Cooper as Shorty runs a close second for "heavy" honors.

Zasu Pitts has the only feminine role beside that of Alice Terry. She is delightful as the harassed Polly Jordan.

Huntly Gordon in It.

Huntly Gordon is seen in a new type role as Phillip Jordan and Allan Forrest has a prominent and "different" role as Dr. Wintrop Newbury, while William Orlamond injects some faintly comic touches in his scenes as Lon.

Waldemar Young is credited with the adaptation and continuity on "The Great Divide" and should be especially praised for the human way in which he has handled the story thread.

Reginald Barker has never shown a greater directorial spark, and seemed to get the best out of each scene.

Percy Hildburn was photographer and the entire production was sponsored by Irving G. Thalberg, an associate of Louis B. Mayer.

MAY NAME WOMAN FOR U. S. SENATE

Miss Florence E. Allen Among Those Considered for High Place in Nation's Service.

Columbus, June 16.—Democrats in this State are giving interested consideration to the advisability of Miss Florence Ellinwood Allen, judge of the Supreme Court of Ohio, for the U. S. Senatorial nomination. Senator Willis (Rep.) is dreading the possibility of having to meet Judge Allen, or any other Democratic nominee, on account of the bad record made by the Republican machine as operated by Daugherty and others.

Judge Allen's first experience on the bench was as judge of the Court of Common Pleas in her home city of Cleveland. Before her term expired there she was nominated to the Supreme Bench and was elected in 1923. She is one of the six Supreme Court justices.

Not Particular

"I suppose," said the kindly financier, looking through his pocket-book for a new note, "you would rather have clean money?" "Oh, that's all right, sir," said the taxi-driver. "I don't care how you made your money."

SHORT STORIES OF THE BUCKEYE STATE

The Ohio Mound Builders' Mentality.

When archaeologists tell us that the relics of the prehistoric people of Ohio indicate an advanced civilization they are speaking comparatively. Compared with that of the Indian of the Columbian period it was; but compared with our own it was insignificant. Lacking so much that even the more backward peoples of today have, their civilization could not have been far advanced.

Of course they had none of the mechanical labor-saving devices of our times. They had not even learned to tame, domesticate and train the lower animals of great strength and turn their power to human use. Excepting only the dog, the mound-builders do not seem to have had any domestic animals and the dog probably only helped take their game. He was not used at all in transportation.

Their earth structures were built with human labor alone. The earth was brought to the building place either in baskets, or bags on the shoulders of human beings. Oval masses of earth found in the structures, just as dumped by the bearers, are proof of this. It must have taken a great many people or to have occupied many years, to complete the more pretentious of these structures; and yet it is likely that in the building of all such prehistoric structures that are to be found in Ohio, there was not as much earth moved as had to be moved in the construction of the now abandoned Ohio canals.

But when the Ohio canals were constructed we had no steam shovels such as are now used in even small excavation construction work. Human hands and horses did that work, too. The mound-builders knew practically nothing as to the working of metals so as to make tools which have so increased human efficiency. They did not even stumble upon the fact of the easy reducibility of galena and the making of lead. The mound-builder could not have been much mentally, and his civilization was in keeping with him.—J. H. Galbraith in Columbus Dispatch.

FOURTH BETROTHAL

Pretty Kitty Kiernan of Dublin has announced her betrothal to Gen. Felix Cronin of the Irish Free State army. Three times previously Miss Kiernan was engaged to be married, and each time her fiancé was killed in battle during the warfare between the Irish factions. One of them was the noted Michael Collins.

What Do You Know About
Sole Leather?

HERE ARE A FEW LEATHER FACTS:

The best leather is tanned Steer Hide. Steers are raised for their meat—not for their hides. There is as great a difference in the quality of leather as in the quality of meat. Good leather always comes from over good meat, and vice versa. Heavy hides are taken from cattle four years or older. Most thick leather nowadays is artificially swelled by acid—often sulphuric acid, which rots the fiber, rots the stitching and destroys the wear. The breeding up of cattle by dairymen and the younger kill to supply tender meat, produce the best hide and the best leather, of medium thickness. Country hides are badly cut in the skinning and are of little value for soles leather. Most newspaper quotations are on country hides. Packer Hides are rarely flesh-cut in skinning and, therefore, bring several times the price of country hides. Hides are always heavily salted to preserve, and are sold salt and all. The average weight of a green-salted, steer hide is 60 lbs. To properly tan, it must remain in the tanning liquors from six to nine months. A 60 lb. green salted hide will lose 20 lbs. or 40% its green weight in a good, natural, non-acid tannage. A tanned hide will give four distinct qualities of leather.

THE WOMEN'S
OSTEOPATHIC
ASSOCIATION

National Meeting Will be
Held in Toronto, Ontario,
Canada, July 11.

Dr. Isa Carr has received a copy of the program of the annual convention of the Osteopathic Women's National association. The meeting will be held in Toronto, Ontario, July 11, in connection with the International Osteopathic convention which will be held this year for the first time outside the United States.

Child welfare conferences are always a feature of meetings of the O. W. N. A., whether state or national. The health and general welfare of women also hold a prominent place in its plans. The first president of the organization, Dr. Josephine L. Pierce, of Lima, Ohio, is now at the head of the bureau of free clinics, of the American Osteopathic association.

Osteopathy was one of the very first professions to open its doors to women on an absolute equality with men and the first woman osteopathic physician in the world, Dr. Jenette H. Bolles, of Denver, is now the president of the O. W. N. A.

Through this national organization of osteopathic women, its members come into touch with the liveliest and most advanced thought and action of organized womanhood, for the O. W. N. A. is affiliated with the General Federation of Women's clubs, the International Council of Women and other national and international movements for the advancement of humanity.

FIRST HOUSE

In New Addition Completed and
Ready For Occupancy.

Col. J. B. Wood who is associated with The Sears-Nichols Canning Co., has completed the first house in his new addition off Highland Avenue, in the North End, a modern five room bungalow, constructed by Contractor Wm. Clifton. The new house is located on the southern side of the addition facing Poor House Lane.

Col. Wood will build another house on his addition just as soon as he disposes of the first house and when he disposes of succeeding houses will build others until the entire addition is filled with homes that laboring men can afford to purchase.

Thirty foot streets will be opened through the addition from north to south and from east to west, also alleys from east to west in the addition.

This addition lies west of the Rose Terrace flats of R. R. Bales, the high ground facing on Highland Avenue contains four admirable building lots. The addition is underlaid by fine gravel making an ideal place to construct cellars.

Col. Wood deserves a great deal of credit for his enterprise in opening up this addition as it is about the only place left, in that section for the city to expand.

The Water and Gas Company will extend their mains into the new addition within a short time and The Ohio Utilities Company will furnish electricity.

Keep Complexions Clear

The smoothness and clarity of the complexions of Mohammedan women are ascribed to the fact that their religious observances necessitate bathing their faces many times each day with cold water.

BROKE RECORD
FOR PARDONS

Woman Governor of Texas
Issued Twenty-Six to Convicts in one Forenoon.

Austin, Texas, June 17, (UP).—All records for pardons granted in one day in Texas were broken when Governor Miriam A. Ferguson issued 26 pardons in the forenoon. Fifteen additional pardons were granted in the afternoon.

The wholesale pardoning followed an investigation of convicts at the state department by former Governor Jim Ferguson, husband of the present governor.

South American Progress

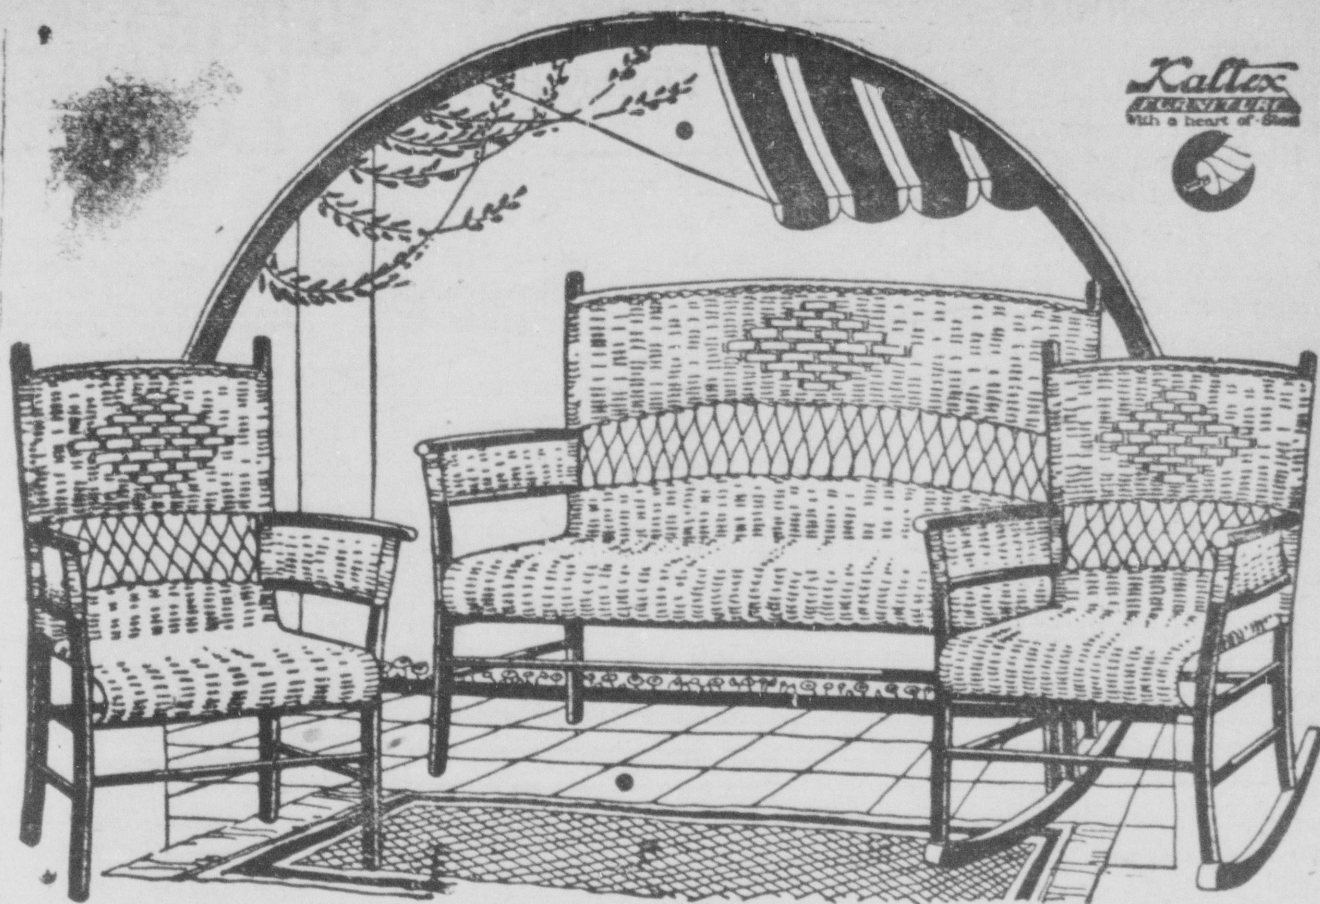

A decree was recently issued by the Chilean ministry of Interior granting permission to a prominent Santiago engineer to build a subway traversing the streets of Santiago. The concession is for a period of 20 years and imposes, among other conditions, that the concessionaire submit plans and specifications of the work to be undertaken within one year, and one section, the line under the Alameda de las Delicias from the Plaza Italia to Plaza Argentina (about one and one-half miles) costing approximately 60,000,000 paper pesos (about \$6,798,000), is to be completed within a period of five years.

Honor Noted Zoologist

Researches in the most primitive known animals—the amoebae and the rotatoria, or "wheel animalcules"—have won for Dr. Herbert Spencer Jennings, professor of zoology at the Johns Hopkins university, Baltimore, the first award of the Joseph Ledy medal of the Academy of Natural Sciences of Philadelphia. This award was established by Dr. Joseph Ledy, famous paleontologist, who was at one time president of the academy, and is to be given every three years.—Science Service.

PETER DELIVERED FROM PRISON

LESSON TEXT. Acts 12:1-19.
GOLDEN TEXT. The angel of the Lord enquired about them that feared Him, and delivered them.—1st Epistle.

PRIMARY TOPIC. Peter and the Angel.
INTERMEDIATE AND SENIOR TOPIC. How Peter was brought out of Prison.
ADULT TOPIC. The Possibilities of Prayer.

I. Peter's Imprisonment (vv. 1-4).

1. By Whom (v. 1).

Herod, the grandson of the wicked Herod who slew the innocent children of Bethlehem.
2. The Reason (v. 3).
It was to gain the favor of the Jews. Herod was not a Jew, but an Edomite, therefore knew that his success was dependent upon his having the goodwill of the Jews. He did not particularly hate the church, but loved popularity. Since the church had developed so far as to be a successful rival of Judaism, he saw an opportunity to curry favor with the Jews by putting forth his hands against it.

3. The Method (v. 4).

He was arrested, put into prison and guarded by four quarters of soldiers. A quaternion is a guard of four soldiers. Four quarters means that a special group was on duty each watch of the night. It was the custom for two soldiers to be in the prison, one on each side of the prisoner bound to his arms with chains (v. 6), the third one to watch outside the door, and the fourth to be near the outside gate.

II. The Church of God in Prayer (v. 5).

The church was at a crisis. Her situation was most grave. James, one of the brethren of the church, was dead, and Peter, the most prominent of all, was in prison. In this desperate straits they did the wise thing—they betook themselves to prayer. It was a noteworthy prayer.

1. It Was Unto God, Not Unto Men, or to Be Heard of Men.

2. It Was United Prayer.

3. It Was an Intensely Earnest Prayer.

It was more than unceasing prayer. It was the earnest desire of the soul as it stretched itself out toward God.

4. It Was Definite Prayer.

They specifically offered prayer to God for Peter. Their prayer was concentrated, definite and specific.

III. Peter Delivered by an Angel (vv. 6-11).

This occurred the night before Herod's plan to make a public display of him.

1. Peter Sleeping (v. 6).

The Lord keeps in perfect peace those whose minds are stayed on Him (Isa. 26:3).

2. Peter Leaving the Prison (vv. 7-10).

A heavenly light shone in the prison. The angel smote Peter on the side; the chains fell off. Peter put on his clothes and passed by one guard after another through the iron gate out into the city. The whole transaction was orderly and leisurely, showing that God is not in a hurry.

3. The Effect Upon Peter (v. 11).

Although the matter was so wonderful to Peter, even outside his consciousness, when he came to himself he was assured beyond a peradventure that God had miraculously delivered him from Herod's wicked hands.

IV. Unconscious Unbelief (vv. 12-18).

1. The Behavior of Peter and the Church (vv. 12-17).

Peter went to the house of Mary and knocked. The knock was answered by Rhoda who was so overjoyed that she forgot to open the gate, and ran in and told them that Peter was at the gate. The disciples were not prepared for such good news, and even accused her of madness. She, undaunted, insisted. They offered as an explanation that perhaps it might be Peter's guardian angel in his likeness. Peter rehearsed unto them the Lord's dealing with him, and instructed them to make these things known unto James and the brethren.

2. The Behavior of the Soldiers (vv. 18-19).

There was great agitation among them as to what had become of Peter. This was a serious matter since they were responsible for him. Not being able to account for Peter's escape, Herod commanded that they be put to death. After this Herod went down to Caesarea. Here he was adored as god. Because he arrogated this honor to himself, the Lord smote him. Herod died, but the Word of the Lord grew and multiplied.

Value of a Deed

The value of a deed depends upon its meaning and its meaning depends upon its motive and the spirit and purpose that prompt it. The widow's mite is really worth more than the spare cash of the rich, because it means more. Nathaniel Micklem.

Daring French Thief

Stealing a bronze dolphin from the
fountain in broad daylight in the
Place de la Republique was a feat re-
cently accomplished by a lone man in
Paris. A policeman saw the man de-
aching the dolphin and questioned his
right to do so. The man replied that
he was removing the dolphin for re-
pairs. Eventually he departed with
the dolphin in a handcart. The disap-
pearance of the dolphin was comment-
ed on by the newspapers, and a few
days later a dealer in antiques called
on the commissioner of police and in-
formed him that he had bought a
bronze dolphin corresponding to the
missing one. This statement was con-
firmed, and now the police are seeking
the pretended workman, who is said
to be a well-known safe-breaker.

Panama Canal Revenues

The Panama canal has not as yet
completely paid for itself. The cost of
construction including payments to
Panama and France, approximated
\$375,000,000. The total amount of tolls
collected from 1915 to 1922 aggregated
\$75,000,000. Three years ago, for pur-
poses of accounting, a part of the total
cost of constructing the canal was
written off to national defense. This
left, June 30, 1924, a balance of \$235,-
684,662 as the investment in the canal
proper and an additional sum of \$4,-
017,642.46 invested in equipment. In
1924 the net income of the Panama
canal was \$16,307,948.50, and the net
profit on auxiliary business operations
was \$901,624.12.

England's Giant Steel Airship to Carry 100

London.—England's giant airship,
the R-101, which is to ply between
this country and India, is to be con-
structed of stainless steel, and is to
have two separate decks and accom-
modations for 100 passengers.

Passengers and crew on the R-101
may smoke pipes, cigars or cigarettes
during voyages, as the engines will
not use gasoline as fuel, but a heavy
gas oil instead, and by this system
virtually all danger of fire while in
the air will be eliminated. The sleep-
ing quarters will consist of two-bed
cabins, similar to steamship berths.

According to the present plans of
the builders, who are working in con-
junction with the air ministry, the
keel of the ship will be laid down in
July. The R-101 is to be 720 feet in
length and 140 feet in diameter, and
is expected to begin flights in 1926.

M'MILLAN TO SEEK AMUNDSEN IN ARCTIC

SAILS NORTH ON NINTH TRIP FLIERS ALSO TO COMB REGION

In Attempt To Locate Captain Raould Amundsen and Crew, Which Jumped Off In An Airoplane For the North Pole, With a Months Supply of Fuel and Food, Which Ran Out Today.

APPOINTMENT CONFIRMED BY CITY COUNCIL

Engineer Reported Estimate of Storm Sewer on Pickaway Street.

Amid the din of roaring guns and shrieking marine whistles, Lieutenant Commander Donald B. McMillan and his little crew sailed from Charleston navy yard shortly after noon Thursday on the steamer Peary, starting his ninth voyage into the arctic.

When the Peary passed beyond sight of the cheering crowd McMillan left the steamer and boarded an automobile, to speed to Wiscasset, Maine, where his schooner, the Bowdoin, is anchored and ready to sail north Saturday. The Peary is due in Wiscasset Friday at daybreak.

Just before the Peary sailed McMillan outlined his plans to the notables and the throng of Bunker Hill day celebrants. He explained that his original plan, the exploration of the vast and unknown Arctic tract called Crocker Land, might be delayed a week to permit his expedition to search for Captain Donald Amundsen who has been lost to the world since he started his polar flight almost four weeks ago.

If word is not received from the Norwegian explorer by August 1, when the MacMillan expedition expects to reach Etah, Greenland, the northernmost points its ships can go, McMillan's fliers will begin a search. Amundsen, he said, will run out of food Friday, if he has failed to reach Cape Columbia. The American believes that the lost explorer will be found in one of the three places he plans to search, polar continent to complete their original task. He said that he expected to remain there until the middle of August and probably would return to the United States September 20.

The three amphibian planes, which the Peary carried on deck when she sailed, will permit McMillan to accomplish as much in one day as he would in 15 months if confined to the use of ships or dog teams, he said.

Senator Simeon D. Fess, of Ohio, among those at the pier, said that the United States had conquered land, sea and air, and that "now it is setting out to conquer the north."

The latest information from the North American Newspaper Alliance is to the effect that Amundsen arrived safe at Spitzbergen after Polar flight.

SOCIAL CALENDAR

Misses Martha Snider, Wakefield, Massachusetts; Persis Worcester, Cambridge, Massachusetts; Esther Van Allen, Springfield, Massachusetts; Frances Ackland, Columbus; Mary Ballantyne Anderson, Franklin; and Margaret Weldon, six Mt. Holyoke classmates, are making a very jolly and attractive house party, dividing their time among the Ohioans, Misses Ackland, Anderson and Weldon. Monday Mrs. Lemuel James gave a luncheon for Miss Weldon's friends and Mrs. Frederic Gunning, of Los Angeles, California; Tuesday Miss Evelyn Teegardin gave a dinner; Wednesday Mrs. Charles T. Gilmore was hostess to an evening bridge. Tonight these young ladies will be among the charming debutantes at the commencement dance in the Elks new home.

William Pontius left today for Detroit, Michigan, on a visit to friends.

The city council met in regular session Wednesday evening, June 17, with President Pro Tem L. T. Shaner, presiding and all members present.

Mr. Leist, as chairman, asked for further time in regard to the request of the R. P. Enderlin Coal company to place a switch over Mound street and there being no objections further time was granted.

Mayor Fitzpatrick reported to council that he had appointed C. E. Salter as director of public safety. Mr. Landenberger offered a motion which was seconded that the appointment of C. E. Salter be confirmed. Motion carried.

City Engineer J. H. Sweetman reported an estimate for the extension of the storm water sewer on South Pickaway street from Mound to Mill street in the sum of \$5985.90. On motion of Mr. Baker this report was received and referred to a committee consisting of all the members of council. President Shaner appointed Mr. Baker as chairman of this committee.

MISS BERRY HONORED

Miss Martha Berry, founder and director of the Berry school of Georgia has been awarded the 1925 Roosevelt medal for distinguished public service. Miss Berry was honored for promotion of the welfare of women and children. In 1902 she founded on her own farm at Mount Berry, Ga., a school for five children from the mountain districts. Now the school cares for 650 boys and girls annually on 7,000 acres of land with 95 buildings.

IRENE LIST PASSED AWAY IN HOSPITAL

Death Came as Result of Poison—Teacher in the Williamsport Schools.

Miss Irene List, who took bichloride of mercury tablets while on an auto ride in Dayton last Saturday night, died in Dayton la HTSEHTSETHES died at midnight Wednesday in the Miami Valley hospital in that city.

Miss List was born in Jackson township in 1903. She was the daughter of Adam and Myrtle Stonerock List. Besides her parents two sisters and three brothers are living. They are Verna and Maxine List, Kenneth, Lester and Edis List.

She graduated from the Jackson township high school in 1923, and was later employed as a teacher in the public schools at Williamsport.

Miss List died of bichloride of mercury poisoning. Jack Brabant, Cincinnati, golf instructor, will be ordered to attend the inquest, it is said. Brabant and Miss List went automobile riding Saturday evening, June 13. Following the ride, he told authorities that he bought the mercury at her request, which she said she wanted to use for medicinal purposes.

The remains will be brought to her home by Undertaker C. E. Hill. No arrangements as yet have been made for the funeral.

LIFE POLICY PAYS DOUBLE INDEMNITY

James Lemay, who was instantly killed, Wednesday, June 10, when his auto upset on the Darbyville pike, carried a double indemnity policy of \$2,000 in the New York Life Insurance company, represented by Clifford P. Hefskell, of this city.

The company will pay \$4,000 to the estate. The company recently paid claims of \$152,000 to the Julius Fleisman estate, Cincinnati, and \$79,000 to the estate of Mr. Boss, president of the National Woolen Mills at Parkersburg, West Virginia.

HAPPENINGS IN OUR STATE

Taken Direct From the Wires by Correspondents of the United States Press Association.

(United Press)

Van Wert, O., June 17—Dr. L. P. Jackson, candidate for mayor and a former councilman, has been indicted for performing an illegal operation. His alleged victim is in a hospital where two additional operations have been performed in an attempt to save her life.

Cleveland, June 17—One hundred and sixty union pavers and pounders employed by the Cleveland street department struck today, threatening to tie up the city's street repair program. Their grievance is that non-union men were allowed to take the civil service examination for pavers.

Genoa, Ohio.—Four employees of the Genoa Baking Co., were severely shocked and the Odd Fellow's hall next door was damaged by lightning shortly before noon yesterday. Two officers of the bank were thrown to the floor by the force of the lightning bolt.

Chillicothe, O., June 18—Dorothy McCarty bit upon something hard while eating a plate of beans.

"When that's the hardest rock I ever saw," said Dorothy.

She was right, too, for the "rock" turned out to be a small diamond worth \$125.

DON'TS FOR SWIMMERS

"Don't stay in the water too long."

Swimming is a violent exercise, and medical reports show that it saps one's vitality. Staying in the water too long is injurious. Although the swimmer might not be aware of it, there is a possibility of causing nervousness. Swimmers who insist on staying in longer than half an hour should take "time out" in which they should rest.

NOT AS USUALLY SEEN

Above is pictured the figure of George Washington as the gentleman instead of as the soldier and President, as he has been more commonly presented. This heroic figure is being completed by Pompeo Coppini, New York sculptor, and is in bronze, ten feet high. The statue will be dedicated in Portland, Ore., February 22, 1926, as the gift of Dr. Henry Waldo Coe of that city.

THE COOLEST PLACE IN CIRCLEVILLE.

Have you discovered it? If not—it's the Public Library. The reading rooms are airy and shady, the breeze at the circulation desk makes you look around for the electric fan, but there isn't one. It is just the circulation of air between the big west and east windows. Current magazines, newspapers, recent books and old favorites. Go in and browse around.

MASONIC HOME DEDICATION CEREMONIES

Eastern Star Women Make Magnificent Gift to Very Worthy Institution.

Wednesday, June 24, St. John's day, one of the sacred anniversaries in the Masonic calendar will be made memorable by the dedication of 102 acres of land adjoining the Masonic Home grounds in Springfield, and many members of the Order of Eastern Star and of the different Masonic bodies in Pickaway county will probably attend the ceremonies.

This tract of land was bought and paid for by the Eastern Star and presented to the Home trustees and thru the efforts of these women this splendid addition was made possible and its consummation will be made the occasion for a great day at this wonderful institution.

The purchase of the farm was negotiated during 1924 by officers of the Grand Chapter of Ohio, Order Eastern Star and presented to the Home trustees, was ratified by the Grand Chapter in session at Cleveland last October. In these negotiations Mrs. Florence A. Meek of Dayton, as grand matron of Ohio, and Past Grand Master Harry S. Johnson, of Cincinnati, as grand secretary of the Grand Lodge of Ohio, represented the Masonic fraternity.

At the recent meeting of the Masonic Home trustees June 24 was designated as the date for formal transfer of this acreage to the Home estate all legal procedure being perfected and it is expected that between 3,000 and 5,000 Masons and Eastern Star members will be present.

Grand officers of the O. E. S. in Ohio, headed by Mrs. Hazel Beach of London, grand worthy matron and Judge Arch A. Schramm of Marietta, grand worthy patron will represent the Eastern Star; trustees of the Home and eminent Masons will receive and acknowledge the bounteous gift. A program for the day is not yet perfected, but invitations have been mailed to all Eastern Star chapters in Ohio and the worthy matrons of the two Eastern Star chapters at Springfield, Mrs. Frank McKee, of Home City, No. 258, and Mrs. H. E. Webster, of Norris, No. 426, are making extensive arrangements for the reception and entertainment of visitors. The presentation ceremonies at the Home will be open to all Masons and Eastern Stars who desire to attend.

When the purchase and gift were brought up at Grand Chapter meeting in Cleveland for ratification the motion was made by Judge N. W. Dick of Columbus, one of the grand chapter trustees and a former grand patron that the purchase and gift be approved and that a deed of transfer be drafted on conditions mutually agreeable to all parties concerned.

Observe Health Week in Ancient Greek City

Athens, Greece.—The ancient city of Corinth, where St. Paul worked as a tentmaker, has just completed arrangements for observance of "Health week" in an effort to prevent the annual spring outbreak of malaria, which has heretofore claimed several thousand victims annually. The campaign is under command of a Near East Relief nurse, Alice G. Carr of McRae, Ga. Miss Carr's studies into the history of malaria in Corinth show that in the wars of 2,000 years ago more soldiers were killed by mosquitoes than in battle.

Hire Mosquito Expert

Larchmont, N. Y.—The Larchmont Health association has determined to adopt novel methods of getting rid of mosquitos. A mosquito expert will be paid \$2,000 to help exterminate the pests.

Diet While in Training
The diet tables of various trainers differ considerably. As a general rule, it may be said that the diet should consist of wholesome food, such as good lean beef, toast or stale bread, and potatoes and green vegetables of all kinds. Avoid puddings, pastries, sauces, pickles and spices. Tobacco in all forms is forbidden.

His House of Labor
The man who has the most money in the world, and who has more than two inches open, and peered through the crack. "No, I haven't any money to give you; you'll have to come round again after 5 o'clock, when Mrs. James is at home," she said. "I can't, madam," replied the beggar, politely, "I only work from 8 to 4."

— One of the saddest and most shocking accidents that ever occurred in this town occurred Sunday morning at 2 o'clock in Renick Hollow. It is thought the young man became faint or lost control of his machine. Mr. Lemay was killed instantly, his car being cut off and the other partly gone, crushed over heart and ribs.

Mr. and Mrs. Jake Lowery who live in the hollow were first to the scene as they heard the crash. The neighbors were soon aroused and offered assistance. Mr. Lemay had attended grange at Scioto Valley and had an important duty to perform that evening. He was a member of the Masonic lodge, Grange, Parent and Teachers' association and attended Sunday school and church at Darbyville where he will be greatly missed. This was one of the largest funerals ever held for some time, as Jim as we all called him was so pleasant and had a smile for everyone. In all the organizations of which he was a member he was always ready to do his part in filling some one's place. We wish to thank our neighbors for their kindness shown us during the death of our brother, friends for beautiful flowers, Rev. Mr. Harble for his consoling words and Mr. T. Snider and his assistants for his efficient service. Signed, Brothers and Sisters.

Another accident occurred Thursday to Mont Voorhee's who was returning home at late hour ran off the culvert at the turn of road on the Pherston and Darbyville road, but Mont escaped without injury but the machine was badly torn up.

RUSSELL POINT, O.

Did you know that five of America's six great wars commenced in April? The Civil War ended and America's greatest tragedy occurred in this same month?

Here are the facts:

The Revolution began April 19, 1775, at Lexington and Concord.

The Mexican war began April 24, 1846, on the Texas frontier.

The Civil war began April 12, 1861, with the bombardment of Fort Sumter, S. C.

The Spanish-American War began April 19, 1898.

The United States declared war on Germany April 6, 1917.

The Civil War closed with Lee's surrender at Appomattox, and President Lincoln was assassinated in April, 1865.

SAW BEGINNING

OF NEW FREEDOM

Historic Yorktown Dear to All Americans.

Yorktown monument, erected by the national government at Yorktown, Va., commemorates the last battle of the Revolution fought there, which won independence and created New world government. Lord Cornwallis, after a desperate siege, finally surrendered to Washington October 19, 1781, thus ending British hostilities in the colonies. General Washington experienced inexpressible joy at that event, with the remark: "The work is done, and it has been done well."

In 1781 the first congress which met after the Revolution, ordered an appropriation of \$100,000 to erect an imposing monument to pay lasting tribute and evidence American gratitude for victory and the birth of freedom.

Nearly 100 years elapsed before the idea of a suitable memorial was carried out. In 1880 R. M. Hunt and J. Q. I. Ward, artists of New York, and Henry Van Brunt of Boston modeled this most beautiful conception of "Liberty and Peace." Its cornerstone was laid in October, 1881, during the centennial celebration.

The Yorktown monument is built of Maine granite, standing 100 feet 6 inches high. The four sides of the base are given to inscriptions delineating the valor and victory on this illustrious battlefield, the narration of the siege, a treaty of alliance with the king of France, a treaty of peace with the king of England. Over these four sides, near the base, are the carved emblems of nationality, emblems of war, emblems of alliance, emblems of peace. The base is devoted to inscriptions or historical statements upon the sources of American government. Grouped on the circular podium are 13 female figures, representative of the 13 original colonies, beneath their feet are these words: "One Country, one Destiny, one Constitution."

The 38 stars on the column represent the states which up to the time of unweaving had been admitted to the Union.

"The Branch of Peace" is adroitly chiseled midst the stars. This was the heritage of which the Yorktown shield was symbolic.

Surmounting the column the Goddess of Liberty, star crowned, extends to the people of all nations for their service and loyalty to share American peace and prosperity. The monument occupies space upon a beautiful bluff overlooking York river. Ex-President Taft visited Yorktown some years ago

The time is passed when the measure of the value of a memorial is quantity. I hope the time has come when that measure is quality. I care not whether the material be marble or granite; its future will be measured by the character of the design. It is quality that has preserved for us the finest examples in painting and sculpture. It is quality that will stamp our imprint upon cemeteries of the future. Simplicity, correct lines and proportions and proper ornamentation are the real fundamentals. A design that is right, material that is lasting, and perfect workmanship, spells success for the future of this industry and the beautification of the cemetery. Will you let me help you select the memorial for your lot. Call at show room. NO AGENTS.

FATHER.

The mixup of the dates for the national observance of Father's day has been definitely settled for June 21.

At Christmas time we go about wishing everyone a Merry Christmas and best wishes for a Happy New Year. On Mother's day we acknowledge the fact that her life is one eternal sacrifice to her children. But there's father.

Nobody notices father any more than they would a battered old cash register that was only good for a touch when you needed it. Many a dad has grown despondent and a little bitter as he looks at his children to whom he has given his very life's blood and who give very little in return. Everything he makes goes to the family. Took on extra work to send the boys and girls thru college. He may be a little bit shabby, but the girls have new party frocks.

Life isn't very gay for him. Just a treadmill back and forth from office to home, over and over again. No romance. So far as he can see, he is just the children's father and a money making machine.

But, suppose on this day his wife told him how she appreciated the never ending sacrifices he makes to keep her and the children safe in the home nest. He would purr like a cat, if his girls would tell him how much they love him, and if the boy would say he was "the best man he ever knew," it would make his heart sing for joy and hedge the rugged path with roses.

"Who is it who wears the patch work hose
And seldom goes to picture shows,
That his girls may have fine clothes
It's Father!

"Who is it wears last summer's hat
That his boy may be a sporty frat,
And thinks it's quite all right at that
It's Father!

"Who is it buys the bread and meat
Who keeps the shoes on all our feet
And then gets shoved in a back seat,
It's Father!

"We've Mother's day and Poppy day,
And lots of other holidays,
But almost all are Labor days,
For Father!

"Get out his his slippers and easy chair
Carress and smooth his rumpled hair
And let him know you're glad he's there—
Your Father!

"Today wear a flower red
(A white one if the dear soul's dead)
And reverently bow your head
In thanks for such a Father!"

Merit in Silence

Slight is the merit of keeping silence on a matter; on the other hand, serious is the guilt of talking on things whereon we should be silent.—Ovid.

AMUSEMENTS

Seldom have we seen such a combination of cast, production and story as in "The Great Divide," the Metro-Goldwyn picture which opened at the Met theater last night.

The story, which is from the famous stage play by William Vaughn Moody, is strong and full of numerous twists and thrills that keep one spell-bound from start to finish.

The cast headed by Conway Tearle and Alice Terry, contains also the names of Wallace Berry, Huntly Gordon, Zasu Pitts, Allan Forrest, George Cooper and William Orlamond.

The story starts in a small New England village and travels from there to the Painted Desert of Arizona. It is a psychological story of a woman's pride and a battle between her conscious mind and her subconscious instincts.

Alice Terry Realistic

Alice Terry as the girl, Ruth Jordan, gives a performance which is and, tho it is one of the most difficult roles ever brought to the screen, she carries it so convincingly that she makes it a reality.

Tearle, as the man of the Painted Desert, is a cross between a polished gentleman and a caveman. A combination which produces a powerful mental and physical creature of great fascination.

Wallace Berry's "Dutch" will not soon be forgotten, there is such individuality to everything he does; and George Cooper as Shorty runs a close second for "heavy" honors.

Zasu Pitts has the only feminine role beside that of Alice Terry. She is delightful as the harassed Polly Jordan.

Huntly Gordon in It.

Huntly Gordon is seen in a new type role as Phillip Jordan and Allan Forrest has a prominent and "different" role as Dr. Wintrop Newbury, while William Orlamond injects some faintly comic touches in his scenes as Lon.

Waldemar Young is credited with the adaptation and continuity on "The Great Divide" and should be especially praised for the human way in which he has handled the story thread.

Reginald Barker has never shown a greater directorial spark, and seemed to get the best out of each scene.

Percy Hilburn was photographer and the entire production was sponsored by Irving G. Thalberg, an associate of Louis B. Mayer.

MAY NAME WOMAN FOR U. S. SENATE

Miss Florence E. Allen Among Those Considered for High Place in Nation's Service.

Columbus, June 16.—Democrats in this State are giving interested consideration to the advisability of Miss Florence Ellinwood Allen, judge of the Supreme Court of Ohio, for the U. S. Senatorial nomination. Senator Willis (Rep.) is dreading the possibility of having to meet Judge Allen, or any other Democratic nominee, on account of the bad record made by the Republican machine as operated by Daugherty and others.

Judge Allen's first experience on the bench was as judge of the Court of Common Pleas in her home city of Cleveland. Before her term expired there she was nominated to the Supreme Bench and was elected in 1923. She is one of the six Supreme Court justices.

Not Particular

"I suppose," said the kindly financier, looking through his pocket-book for a new note, "you would rather have clean money?"

"Oh, that's all right, sir," said the taxi-driver. "I don't care how you made your money."

SHORT STORIES OF THE BUCKEYE STATE

The Ohio Mound Builders' Mentality.

When archaeologists tell us that the relics of the prehistoric people of Ohio indicate an advanced civilization they are speaking comparatively. Compared with that of the Indian of the Columbian period it was; but compared with our own it was insignificant. Lacking so much that even the more backward peoples of today have, their civilization could not have been far advanced.

Of course they had none of the mechanical labor-saving devices of our times. They had not even learned to tame, domesticate and train the lower animals of great strength and turn their power to human use. Excepting only the dog, the mound-builders do not seem to have had any domestic animals and the dog probably only helped take their game. He was not used at all in transportation.

Their earth structures were built with human labor alone. The earth was brought to the building place either in baskets or bags on the shoulders of human beings. Oval masses of earth found in the structures, just as dumped by the bearers, are proof of this. It must have taken a great many people or to have occupied many years, to complete the more pretentious of these structures; and yet it is likely that in the building of all such prehistoric structures that are to be found in Ohio, there was not as much earth moved as had to be moved in the construction of the now abandoned Ohio canals.

But when the Ohio canals were constructed we had no steam shovels such as are now used in even small excavation construction work. Human hands and horses did that work, too. The mound-builders knew practically nothing as to the working of metals so as to make tools which have so increased human efficiency. They did not even stumble upon the fact of the easy reducibility of galena and the making of lead. The mound-builder could not have been much mentally, and his civilization was in keeping with him.—J. H. Galbraith in Columbus Dispatch.

FOURTH BETROTHAL

Pretty Kitty Kiernan of Dublin has announced her betrothal to Gen. Felix Cronin of the Irish Free State army. Three times previously Miss Kiernan was engaged to be married, and each time her fiance was killed in battle during the warfare between the Irish factions. One of them was the noted Michael Collins.

What Do You Know About
Sole Leather?

HERE ARE A FEW LEATHER FACTS:

The best leather is tanned Steer Hide.

Steers are raised for their meat—not for their hides.

There is as great a difference in the quality of leather as in the quality of meat.

Good leather always comes from over good meat, and vice versa.

Heavy hides are taken from cattle four years or older.

Most thick leather nowadays is artificially swelled by acid—often sulphuric acid, which rots the fiber, rots the stitching and destroys the wear. The breeding up of cattle by dairymen and the younger kill to supply tender meat, produce the best hide and the best leather, of medium thickness.

Country hides are badly cut in the skinning and are of little value for sole leather.

Most newspaper quotations are on country hides.

Packer Hides are rarely flesh-cut in skinning and, therefore, bring several times the price of country hides.

Hides are always heavily salted to preserve, and are sold salt and all.

The average weight of a green-salted, steer hide is 60 lbs.

To properly tan, it must remain in the tanning liquors from six to nine months.

A 60 lb. green salted hide will lose 20 lbs. or 4 its green weight in a good, natural, non-acid tannage.

A tanned hide will give four distinct qualities of leather.

THE WOMEN'S OSTEOPATHIC ASSOCIATION

National Meeting Will be
Held in Toronto, Ontario,
Canada, July 11.

Dr. Isa Carr has received a copy of the program of the annual convention of the Osteopathic Women's National association. The meeting will be held in Toronto, Ontario, July 11, in connection with the International Osteopathic convention which will be held this year for the first time outside the United States.

Child welfare conferences are always a feature of meetings of the O. W. N. A., whether state or national. The health and general welfare of women also hold a prominent place in its plans. The first president of the organization, Dr. Josephine L. Pierce, of Lima, Ohio, is now at the head of the bureau of free clinics, of the American Osteopathic association.

Osteopathy was one of the very first professions to open its doors to women on an absolute equality with men and the first woman osteopathic physician in the world, Dr. Jenette H. Bolles, of Denver, is now the president of the O. W. N. A.

Through this national organization of osteopathic women, its members come into touch with the latest and most advanced thought and action of organized womanhood, for the O. W. N. A. is affiliated with the General Federation of Women's clubs, the International Council of Women and other national and international movements for the advancement of humanity.

FIRST HOUSE

In New Addition Completed and
Ready For Occupancy.

Col. J. B. Wood who is associated with The Sears-Nichols Canning Co., has completed the first house in his new addition off Highland Avenue, in the North End, a modern five room bungalow, constructed by Contractor Wm. Clifton. The new house is located on the southern side of the addition facing Poor House Lane.

Col. Wood will build another house on his addition just as soon as he disposes of the first house and when he disposes of succeeding houses will build others until the entire addition is filled with homes that laboring men can afford to purchase.

Thirty foot streets will be opened through the addition from north to south and from east to west, also alleys from east to west in the addition.

This addition lies west of the Rose Terrace flats of R. R. Bales, the high ground facing on Highland Avenue contains four admirable building lots. The addition is underlaid by fine gravel making an ideal place to construct cellars.

Col. Wood deserves a great deal of credit for his enterprise in opening up this addition as it is about the only place left, in that section for the city to expand.

The Water and Gas Company will extend their mains into the new addition within a short time and The Ohio Utilities Company will furnish electricity.

Keep Complexions Clear

The smoothness and clarity of the complexions of Mohammedan women are ascribed to the fact that their religious observances necessitate bathing their faces many times each day with cold water.

MA FERGUSON BROKE RECORD FOR PARDONS

Woman Governor of Texas
Issued Twenty-Six to Con-
victs in one Forenoon.

Austin, Texas, June 17, (UP).—All records for pardons granted in one day in Texas were broken when Governor Miriam A. Ferguson issued 26 pardons in the forenoon. Fifteen additional pardons were granted in the afternoon.

The wholesale pardoning followed an investigation of convicts at the state department by former Governor Jim Ferguson, husband of the present governor.

South American Progress

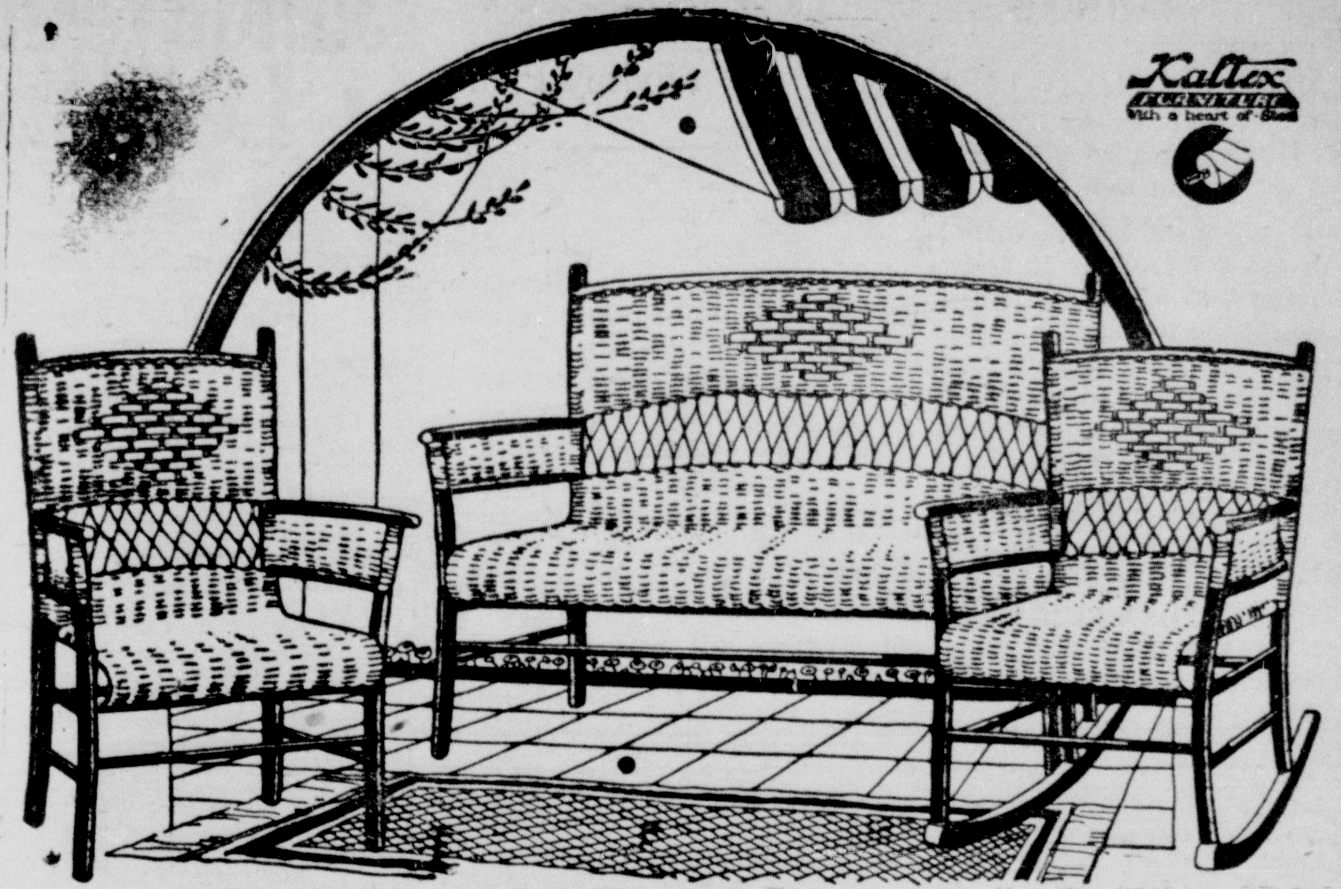

A decree was recently issued by the Chilean ministry of interior granting permission to a prominent Santiago engineer to build a subway traversing the streets of Santiago. The concession is for a period of 20 years and imposes, among other conditions, that the concessionaire submit plans and specifications of the work to be undertaken within one year, and one section, the line under the Alameda de las Delicias from the Plaza Italia to Plaza Argentina (about one and one-half miles) costing approximately 60,000,000 paper pesos (about \$6,798,000), is to be completed within a period of five years.

Honor Noted Zoologist

Researches in the most primitive known animals—the amoebae and the rotatoria, or "wheel animalcules"—have won for Dr. Herbert Spencer Jennings, professor of zoology at the Johns Hopkins university, Baltimore, the first award of the Joseph Leidy medal of the Academy of Natural Sciences of Philadelphia. This award was established by Dr. Joseph Leidy, famous paleontologist, who was at one time president of the academy, and is to be given every three years.—Science Service.

Lesson for June 21

PETER DELIVERED FROM PRISON

LESSON TEXT: Acts 12:1-19.
GOLDEN TEXT: The angel of the Lord came and stood by them that were in prison, and said, Rise up quickly: for the Lord will deliver thee from all thine iniquities. (Psalm 124:8.)
PRIMARY VERSE: Peter and the angel.

1. Peter's Imprisonment (vv. 1-4).
Herod, the grandson of the wicked Herod who slew the innocent children of Bethlehem.

2. The Reason (v. 3).
It was to gain the favor of the Jews. Herod was not a Jew, but an Edomite, therefore knew that his success was dependent upon his having the good will of the Jews. He did not particularly hate the church, but loved popularity. Since the church had developed so as to be a successful rival of Judaism, he saw an opportunity to curry favor with the Jews by putting forth his hands against it.

3. The Method (v. 4).
He was arrested, put into prison and guarded by four quaternions of soldiers. A quaternion is a guard of four soldiers. Four quaternions means that a special group was on duty each watch of the night. It was the custom for two soldiers to be in the prison, one on each side of the prisoner bound to his arms with chains (v. 6), the third one to watch outside the door, and the fourth to be near the outside gate.

4. The Church of God in Prayer (v. 5).
The church was at a crisis. Her situation was most grave. James, one of the brethren of the church, was dead, and Peter, the most prominent of all, was in prison. In this desperate straits they did the wise thing—they betook themselves to prayer. It was a noteworthy prayer.

1. It was unto God, Not unto Men, or to Be Heard of Men.
2. It was United Prayer.
3. It was an Intensely Earnest Prayer.
It was more than unceasing prayer. It was the earnest desire of the soul as it stretched itself out toward God.

4. It was Definite Prayer.
They specifically offered prayer to God for Peter. Their prayer was concentrated, definite and specific.

III. Peter Delivered by an Angel (vv. 6-11).
This occurred the night before Herod's plan to make a public display of him.

1. Peter Sleeping (v. 6).
The Lord keeps in perfect peace those whose minds are stayed on Him (Isa. 26:3).
2. Peter Leaving the Prison (vv. 7-10).
A heavenly light shone in the prison. The angel smote Peter on the side; the chains fell off. Peter put on his clothes and passed by one guard after another through the iron gate out into the city. The whole transaction was orderly and leisurely, showing that God is not in a hurry.

3. The Effect Upon Peter (v. 11).
Although the matter was so wonderful to Peter, even outside his consciousness, when he came to himself he was assured beyond a peradventure that God had miraculously delivered him from Herod's wicked hands.

IV. Unconscious Unbelief (vv. 12-19).
1. The Behavior of Peter and the Church (vv. 12-17).
Peter went to the house of Mary and knocked. The knock was answered by Rhoda who was so overjoyed that she forgot to open the gate, and ran in and told them that Peter was at the gate. The disciples were not prepared for such good news, and even accused her of madness. She, undaunted, insisted. They offered as an explanation that perhaps it might be Peter's guardian angel in his likeness. Peter rehearsed unto them the Lord's dealing with him, and instructed them to make these things known unto James and the brethren.

2. The Behavior of the Soldiers (vv. 18-19).
There was great agitation among them as to what had become of Peter. This was a serious matter since they were responsible for him. Not being able to account for Peter's escape, Herod commanded that they be put to death. After this Herod went down to Caesarea. Here he was adored as god. Because he arrogated this honor to himself, the Lord smote him: Herod died, but the Word of the Lord grew and multiplied.

Value of a Deed

The value of a deed depends upon its meaning and its meaning depends upon its motive and the spirit and purpose that prompt it. The wife's life is really worth more than the spare cash of the rich, because it means more. (Nathaniel Mickleton.)

The First Thing

God's rule is over all and to all our perplexity, doubt, and fear, Jesus reminds us that the first thing is to be in God.—T. B. Gloyer.

Daring French Thief

Stealing a bronze dolphin from the fountain in broad daylight in the Place de la Republique was a feat recently accomplished by a lone man in Paris. A policeman saw the man de-aching the dolphin and questioned his right to do so. The man replied that he was removing the dolphin for repairs. Eventually he departed with the dolphin in a handcart. The disappearance of the dolphin was commented on by the newspapers, and a few days later a dealer in antiques called on the commissioner of police and informed him that he had bought a bronze dolphin corresponding to the missing one. This statement was confirmed, and now the police are seeking the pretended workman, who is said to be a well-known safe-breaker.

Panama Canal Revenues

The Panama canal has not as yet completely paid for itself. The cost of construction including payments to Panama and France, approximated \$375,000,000. The total amount of tolls collected from 1915 to 1922 aggregated \$75,000,000. Three years ago, for purposes of accounting, a part of the total cost of constructing the canal was written off to national defense. This left, June 30, 1924, a balance of \$235,684,662 as the investment in the canal proper and an additional sum of \$4,017,642.46 invested in equipment. In 1924 the net income of the Panama canal was \$16,307,948.50, and the net profit on auxiliary business operations was \$901,624.12.

Alien Women Top Men

Alien women seeking American naturalization in the United States usually meet the examination in naturalization court better than men. The percentage of women successfully passing the test in the eastern part of the United States is said to be considerably larger than that of the men.

England's Giant Steel Airship to Carry 100

London.—England's giant airship, the R-101, which is to ply between this country and India, is to be constructed of stainless steel, and is to have two separate decks and accommodations for 100 passengers.

Passengers and crew on the R-101 may smoke pipes, cigars or cigarettes during voyages, as the engines will not use gasoline as fuel, but a heavy gas oil instead, and by this system virtually all danger of fire while in the air will be eliminated. The sleeping quarters will consist of two-bed cabins, similar to steamship berths.

According to the present plans of the builders, who are working in conjunction with the air ministry, the keel of the ship will be laid down in July. The R-101 is to be 720 feet in length and 140 feet in diameter, and is expected to begin flights in 1926.
